

WAYNE INFORMATION NETWORK
COOPERATIVE AGREEMENT

The Wayne Information Network (WIN) facilitates communication, cooperation, and resource sharing among the various libraries in Wayne County. The purpose of this agreement is to set out the responsibilities and obligations of the WIN members.

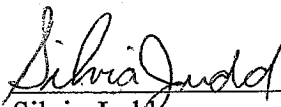

As participants in WIN, members agree to be active users and to promote the use of the services in their libraries.

Members agree to fax materials (where the capability exists) promptly and without charge to other participants. The no-charge policy is contingent upon a reasonable balance in items sent and requested by fax. If the arrangement becomes excessively one-sided for any agency, the no-charge policy can be waived.

All members agree to abide by copyright law in the provision of materials to other participating libraries.

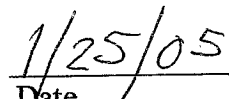

Agencies may terminate this agreement by giving 60 days written notice to Wayne Community College that serves as host for the Network.

The effectiveness of this cooperative agreement will be evaluated regularly by the appropriate members at each agency.
