Ms. Rachel Hall, RN, MSN
Department Head for Nursing
Wayne Community College
Caller Box 8002
Goldsboro, NC 27533-8002

Dear Rachel:

Thank you for the courtesies extended to us during our recent visit to the Associate Degree and Practical Nursing programs at Wayne Community College

Enclosed are the reports of the survey visit. Please read the reports carefully. If you identify errors in fact or have additional information pertinent to the Law and Rules that would impact on the status of the program, please advise me. Based upon the review of the documents provided prior to the visit, the documents reviewed during the visit, and the on-site survey; it has been determined that the Associate Degree and Practical Nursing programs at Wayne Community College are in compliance with Law and Rules, shall be assigned Full Approval Status, and shall be continued on the List of Approved programs. It is necessary to acknowledge written receipt of the survey. Please do so by October 18, 2001.

We will report to the Education Committee and the Board of Nursing that a survey of the programs were made and the programs continue on Full Approval Status. This approval status will be ratified by the Education Committee when it meets December 6, 2001 and will be published in the next issue of the *Bulletin*.

Should you or the faculty have any questions or need further assistance, please do not hesitate to write or call.

Sincerely,

Joyce W. Roth, RN, MSN
Education Consultant
