ATTENTION MILITARY!

At Wayne Community College, our number one objective is "to give all students marketable skills." If you are military and about to be in transition to a civilian career, we would like to discuss some options with you.

WCC offers classes on base that transfer to four-year institutions, as well as those that lead to an Associate of Applied Science degree. On campus, we have more than four dozen curriculum programs in certificate, diploma, and associate degree areas, with a full range of support services and a reputation for quality.

Using your background in military technology, you can find promising opportunities in our technology-related programs that will prepare you for a civilian career in areas such as Aviation Systems Technology, Electronics Engineering, Drafting and Design, Industrial Systems, Information Systems, Network Administration and Support, and more.

Don't delay! Visit our campus on Wayne Memorial Drive, or contact Dwight Mayo or Dori Fraser on Base at 735-5151, ext. 721 or 722.

CIVILIANS WELCOME!

To have access to Seymour Johnson Air Force Base, civilian students need to get a Security Clearance Form from the WCC Office of Admissions and Records. The form must be COMPLETED and returned to the Admissions office by the deadline. **The deadline for Spring I is Monday, January 3 and for Spring II is Thursday, March 3.** Students who apply after this date will not be guaranteed access to the base. If you have questions, please call our WCC/SJAFB office at 735-5151, ext. 721 or 722

NOTE: It is very important that you have completed your Security Clearance forms by the deadline dates. See page 23 for the appropriate dates for each Spring Term.
