Introduction

Performance Measures

The Performance Measures for Student Success Report is the North Carolina Community College System’s major accountability document. This annual performance report is based on data compiled from the previous year and serves to inform colleges and the public on the performance of our 58 community colleges.

In 1993, the State Board of Community Colleges began monitoring performance data on specific measures to ensure public accountability for programs and services. In 1998, the General Assembly directed the State Board to review past performance measures and define standards to ensure programs and services offered by community colleges in North Carolina were of sufficient quality.

In 2010, a Performance Measures Committee was established to develop new performance-based student success measures to go into effect in 2013. During the development of these measures, it was determined that it was important to establish a three-year review process to ensure the measures and methods for evaluating colleges were current and remained focused on improving student success.

To facilitate the first three-year review of the measures, the Performance Measures Adjustment Committee was appointed to review the current set of measures and recommend deletions, revisions, and additions. This included individuals representing college leadership and research. The Committee formally presented the following seven measures to the State Board in March 2015:

- Basic Skills Student Progress
- Student Success Rate in College-Level English Courses
- Student Success Rate in College-Level Math Courses
- First Year Progression
- Curriculum Student Completion
- Licensure and Certification Passing Rate
- College Transfer Performance

These measures were approved by the State Board and adopted by the General Assembly in 2016 through Section 10.1 of S.L.2016-94.

Baselines and Excellence Levels

As previous performance measures were being finalized in 2012, a Performance Funding Committee was appointed to develop a performance funding model incorporated into colleges’ regular formula budget allocations. One of the outcomes of this committee was the establishment of system-wide baseline and excellence levels for each measure. The committee recommended using consistent, statistically-defined levels to promote transparency, simplicity, and objectivity. This utilization of the levels is a departure from the System’s historical use of “standards.”

Based on three years of data (if available) for each measure, baseline levels are set two standard deviations below the system mean, and excellence levels are set one standard deviation above the system mean. These levels remain static for three years and are reset every three years.

The performance summary on the following page provides each college with an overview of its results as compared to its peers. Color indicators represent various levels of performance within each measure:

 Met or exceeded the excellence level	 Above the baseline level, but below the college avg
 Above the college avg, but below the excellence level	 Below the baseline level

Note: Color shading in the appendix is not associated with excellence and baseline levels

Performance Summary

- Met or Exceeded Excellence Level
- Above College Avg, Below Excellence
- Above Baseline Level, Below Average
- Below Baseline Level

	BASIC SKILLS PROGRESS	CREDIT ENGLISH SUCCESS	CREDIT MATH SUCCESS	FIRST YEAR PROGRESSION	CURR COMPLETION RATE	LICENSURE PASSING RATE	TRANSFER PERFORMANCE	Met or Exceeded Excellence Level	Below Excellence Level, Above College Average	Below College Average, Above Baseline Level	Below Baseline Level

Note: Color indicators are based on the precise percentages and not the rounded percentages as displayed

1. Basic Skills Student Progress

Purpose

To ensure adults with low literacy skills are progressing academically toward basic skill attainment necessary for employment and self-sufficiency

Description

Percentage of students who progress as defined by an educational functioning level.

Calculation

Denominator: Basic skills students who have post-tested and have accumulated 12 or more contact hours during program year. Excludes High Adult Secondary Education initial placements.

Numerator: Of those in the denominator, the number of students completing the program year at a higher educational functioning level.

Note: Initial placement is set by the first NRS approved test(s) taken during the program year. The initial placement is the lowest Educational Functioning Level of the tests given within 3 days of the first test of the program year. A pre-test is considered if it occurs up to 90 days prior to the program year and the test code and component match the test code and component of the test having the lowest EFL of the first test(s) in the program year.

Data Sources

LEIS annual data file

Additional Details

To be included, students must have been enrolled in a class during the Basic Skills/College and Career Readiness program year (July 1 – June 30), have accumulated 12 or more total contact hours across all classes enrolled, have been post-tested, and not have an initial placement of High Adult Secondary Education. Initial placement is based upon the National Reporting System (NRS) guidelines of being the lowest Educational Functioning Level of the first NRS approved test(s) taken during the program year. Colleges received credit for all students who tested at a higher Educational Functioning Level at any point of the Basic Skills/College and Career Readiness program year (July 1 – June 30) in the same test and component that set the initial placement. Colleges are also given credit for students who test at Adult Secondary Education Low, are an Adult High School student, and meet the federal and state assessment policy guidelines for moving up an educational functioning level to Adult Secondary Education High.

Excellence level: 68.3%

Baseline level: 34.5%

2. Student Success Rate in College-Level English Courses

Purpose

To ensure students are successfully completing credit-bearing English courses in a timely manner

Description

Percentage of first-time Associate Degree seeking and transfer pathway students passing a credit-bearing English course with a “C” or better within their first two academic years.

Calculation

Denominator: First-time fall curriculum students who have an Associate Degree primary curriculum program or are in a Career and College Promise College Transfer Primary Pathway.

Numerator: Of those in the denominator, the number earning a grade of “C” or better in at least one credit-bearing English course during their first two academic years.

Note: See appendix for first-time fall cohort definition

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

Additional Details

Denominator: First-time fall curriculum students who have a primary active curriculum program of an Associate Degree or Career and College Promise transfer primary pathway (“A” and “P” curriculum codes) in their first semester at any community college.

Numerator: Of those in the denominator, the number of students earning a grade of “C” or better in at least one credit-bearing English course (not including the lab record) within their first two academic years.

Excellence level: 55.9%

Baseline level: 23.8%

3. Student Success Rate in College-Level Math Courses

Purpose

To ensure students are successfully completing credit-bearing Math courses in a timely manner

Description

Percentage of first-time Associate Degree seeking and transfer pathway students passing a credit-bearing Math course with a “C” or better within their first two academic years.

Calculation

Denominator: First-time fall curriculum students who have an Associate Degree primary curriculum program or are in a Career and College Promise College Transfer Primary Pathway.

Numerator: Of those in the denominator, the number earning a grade of “C” or better in at least one credit-bearing Math course within their first two academic years.

Note: See appendix for first-time fall cohort definition

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

Additional Details

Denominator: First-time fall curriculum students who have a primary active curriculum program of an Associate Degree or Career and College Promise transfer primary pathway (“A” and “P” curriculum codes) in their first semester at any community college.

Numerator: Of those in the denominator, the number of students earning a grade of “C” or better in at least one credit-bearing Math course (not including the lab record) within their first two academic years.

Excellence level: 32.5%

Baseline level: 10.1%

4. First Year Progression

Purpose

To ensure first-year students reach an academic momentum point that helps predict future credential completion

Description

Percentage of first-time fall curriculum students attempting at least 12 hours within their first academic year who successfully complete at least 12 of those hours.

Calculation

Denominator: First-time fall curriculum students attempting at least 12 hours (includes developmental courses and course withdraws) within their first academic year.

Numerator: Of those in the denominator, the number who complete at least 12 hours (including developmental) with a "P", "C" or better within their first year.

Note: See appendix for new first-time fall cohort definition

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

Additional Details

Denominator: First-time fall curriculum students attempting at least 12 hours during the first academic year. Hours attempted include developmental hours and any class in which the student earns a standard letter grade, except for "Credit by Exam", "Transfer", "Audit" or a college letter grade of "NA", or "NS".

Numerator: Of those in the denominator, the number who complete at least 12 hours (including developmental) with a "P", "C" or better within the first year.

Excellence level: 75.0%

Baseline level: 54.1%

5. Curriculum Completion

Purpose

To ensure student completion and persistence toward a post-secondary credential

Description

Percentage of first-time fall credential seeking students who graduate, transfer, or are still enrolled with 36 non-developmental hours after 6 years.

Calculation

Denominator: First-time fall curriculum students

Numerator: Of those in the denominator, the number of students who through the fall that occurs 6 years after original cohort designation either graduate, transfer to a four-year institution, or are still enrolled and have previously completed 36 non-developmental hours.

Note: See appendix for new first-time fall cohort definition

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

Additional Details

Denominator: First-time fall curriculum students

Numerator: Of those in the denominator, number of students who achieve at least one of the following:

Graduation- Graduated from a North Carolina community college credential program (A, D, C) before the 6th fall semester following their first semester.

Transfer - Transferred into a four-year college as archived in the National Student Clearinghouse database at any point through the 6th fall semester following their first semester.

Persistence- Still enrolled during the 6th fall semester following their first semester and successfully completed at least 36 non-developmental credits prior to that semester. Successful credit completion is based on grades "P", "C", or better.

Excellence level: 51.9%

Baseline level: 35.9%

6. Licensure and Certification Passing Rate

Purpose

To ensure programmatic coursework prepares students to competently practice in their chosen profession

Description

Aggregate institutional passing rate of first-time test-takers on licensure and certification exams. Exams included in this measure are state mandated exams which candidates must pass before becoming active practitioners.

Calculation

Denominator: All licensure and certification exams taken for the first-time during the licensure agency's most recent reporting year. Only includes state mandated exams which candidates must pass before becoming active practitioners.

Numerator: Of those in the denominator, the number passing exam on first attempt during the licensure agency's most recent reporting year.

7. College Transfer Performance

Purpose

To ensure the academic success of community college students at a four-year university or college

Description

Among community college Associate Degree completers and those who have completed 30 or more credit hours who transfer to a four-year university or college, the percentage who earned a GPA of 2.25 or better after two consecutive semesters within the academic year at the transfer institution.

Calculation

Denominator: Students with an Associate Degree or at least 30 articulated transfer credits enrolled during the fall and spring semesters at a four-year institution who were enrolled at a community college during the previous academic year. Only includes North Carolina based four-year institutions.

Numerator: Of those in the denominator, the number of students earning a GPA of 2.25* or better aggregated over the fall and spring semesters at the transfer institution.

Note: Community colleges are allowed to supplement data with results from out of state institutions with which they have articulation agreements.

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

UNC-General Administration

*Participating NC independent colleges and universities (Success based on of 2.00 GPA this year. Will transition to 2.25 next year.)

Additional Details

UNC-GA matched the records of community college students receiving an Associate Degree during the academic year or accumulating at least 30 articulated college transfer credit hours against subsequent fall and spring UNC system student records to determine transfer enrollment at a North Carolina public university and first year academic performance. UNCGA provided aggregate totals of transfer students who did or did not attain GPAs equal or greater than 2.25 in their first academic year.

Additional lists of students based on National Student Clearinghouse matches were sent to participating independent colleges and universities. These colleges and universities returned files identifying whether or not students attained GPAs equal or greater than 2.00 in their first academic year. (***Will transition to 2.25 next year.**)

Data from these sources were combined to determine the overall percentage of transfers with a GPA exceeding the success threshold after two semesters.

Excellence level: 87.6%

Baseline level: 65.1%

TABLE 7. COLLEGE TRANSFER PERFORMANCE, 2013-2014 COMMUNITY COLLEGE STUDENTS

Excellence: 87.6%

FIRST-TIME FALL COHORT DESCRIPTION

First-time cohorts are fall credential seeking and dual enrollment students enrolled in curriculum courses at a college for the first-time. This is inclusive of all Career and College Promise and innovative high school students.

Fall first-time students are identified based on the following criteria:

- Fall semester is first curriculum enrollment term (at any community college)
- First term primary program code is not Basic Skills Plus (T90950) or Special Credit (T90990)
- No previous post-secondary enrollment as verified from the National Student Clearinghouse before the start date of the fall semester

The fall first-time cohorts are used in the following measures:

2. Student Success Rate in College-Level English Courses*
3. Student Success Rate in College-Level Math Courses*
4. First Year Progression
5. Curriculum Completion

* Cohorts are further narrowed down for measures 2 and 3. For specifics, see measure details.

Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse

Additional Details

- Curriculum student's first NCCCS registration term since fall 2000 is identified (Note: Fall 2000 is the first semester student level data is accessible)
- Those with start terms less than fall 2000 are removed
- Those with first term primary program code of Basic Skills Plus (T90950) or Special Credit (T90990) are removed
- Remaining students are sent to the National Student Clearinghouse to check for prior enrollment based upon the first semester the student is registered at a NC Community College
- Students identified with post-secondary enrollment in the National Student Clearinghouse prior to first NCCCS registration term are removed
- Of those who remain, the first NCCCS registration term is assigned as the student's first-time cohort
- Those assigned to a fall cohort are tracked in order to calculate various performance measure success rates
