# Introduction

## Performance Measures

The Performance Measures for Student Success Report is the North Carolina Community College System’s major accountability document. This annual performance report is based on data compiled during the previous year and serves to inform colleges and the public on the performance of our 58 community colleges.

In 1993, the State Board of Community Colleges began monitoring performance data on specific measures to ensure public accountability for programs and services. In 1998, the General Assembly directed the State Board to review past performance measures and define standards to ensure programs and services offered by community colleges in North Carolina were of sufficient quality.

In 2010, a Performance Measures Committee was established to develop new performance-based student success measures to go into effect in 2013. During the development of these measures, it was determined that it was important to establish a three-year review process to ensure the measures and methods for evaluating colleges were current and remained focused on improving student success.

To facilitate the first three-year review of the measures, the Performance Measures Adjustment Committee was appointed to review the current set of measures and recommend deletions, revisions, and additions. This included individuals representing college leadership and research. The Committee formally presented the following seven measures to the State Board in March 2015:

- Basic Skills Student Progress
- Student Success Rate in College-Level English Courses
- Student Success Rate in College-Level Math Courses
- First Year Progression
- Curriculum Student Completion
- Licensure and Certification Passing Rate
- College Transfer Performance

These measures were approved by the State Board and adopted by the General Assembly in 2016 through Section 10.1 of S.L.2016-94.

## Baselines and Excellence Levels

As previous performance measures were being finalized in 2012, a Performance Funding Committee was appointed to develop a performance funding model incorporated into colleges’ regular formula budget allocations. One of the outcomes of this committee was the establishment of system-wide baseline and excellence levels for each measure. The committee recommended using consistent, statistically-defined levels to promote transparency, simplicity, and objectivity. This utilization of the levels is a departure from the System’s historical use of “standards.”

Based on three years of data (if available) for each measure, baseline levels are set two standard deviations below the system mean, and excellence levels are set one standard deviation above the system mean. These levels remain static for three years and are reset every three years.

The performance summary on the following page provides each college with an overview of its results as compared to its peers. Color indicators represent various levels of performance within each measure:

 Met or exceeded the excellence level	 Above the baseline level, but below the college avg.
 Above the college avg., but below the excellence level	 Below the baseline level

*Note: Color shading in the appendix is not associated with excellence and baseline levels*

# Performance Summary

- Met or Exceeded Excellence Level
- Above College Avg, Below Excellence
- Above Baseline Level, Below Average
- Below Baseline Level

	BASIC SKILLS PROGRESS	CREDIT ENGLISH SUCCESS	CREDIT MATH SUCCESS	FIRST YEAR PROGRESSION	CURR COMPLETION RATE	LICENSURE PASSING RATE	TRANSFER PERFORMANCE	Met or Exceeded Excellence Level	Below Excellence Level, Above College Average	Below College Average, Above Baseline Level	Below Baseline Level
<b>System Excellence Level</b>	<b>68.3%</b>	<b>55.9%</b>	<b>32.5%</b>	<b>75.0%</b>	<b>51.9%</b>	<b>90.9%</b>	<b>87.6%</b>

## **1. Basic Skills Student Progress**

### **Purpose**

To ensure adult students with low literacy skills are progressing academically toward basic skill attainment necessary for employment and self-sufficiency.

### **Description**

Percentage of Basic Skills students who achieve an Educational Functioning Level gain during the program year (July 1 – June 30).

### **Calculation**

Denominator: Basic Skills students (excluding those with an entering Educational Functioning Level of Adult Secondary Education High) who have completed a pre-test and post-test and accumulated 12 or more contact hours during the program year (July 1, 2015 – June 30, 2016).

Numerator: Of those in the denominator, the number who achieve an Educational Functioning Level that is higher than their entering Educational Functioning Level by the end of the program year.

### **Data Sources**

Literacy Education Information System (LEIS) annual data file.

### **Additional Details**

To be included, students must have been enrolled in a class during the Basic Skills program year (July 1 – June 30), have accumulated 12 or more contact hours across all classes enrolled, have an initial placement based on a pre-test, and have a completed post-test. Students with an initial placement of Adult Secondary Education High (ASE High) are excluded because this is the highest Educational Functioning Level and a gain is not possible.

A student's Entering Educational Functioning Level is determined based on the student's performance on the first NRS approved test(s) taken during the program year. Per National Reporting System (NRS) guidelines, initial placement is based on the lowest Educational Functioning Level of the tests given within 3 days of the first test of the program year. A pre-test is considered if it occurs up to 90 days prior to the program year and the test code and component match the test code and component of the test having the lowest Educational Functioning Level of the first test(s) in the program year.

Colleges receive credit for all students who test at a higher Educational Functioning Level than their entering Educational Functioning Level at any point during the Basic Skills program year.

**Excellence level: 68.3%**

## **2. Student Success Rate in College-Level English Courses**

### **Purpose**

To ensure students are successfully completing credit-bearing English courses within their first two academic years.

### **Description**

Percentage of first-time Associate Degree seeking and transfer pathway students passing a credit-bearing English course with a “C” or better within two years of their first term of enrollment.

### **Calculation**

Denominator: First-time fall 2014 curriculum students who are enrolled in an associate degree program or a transfer pathway program (i.e., their curriculum code begins with an “A” or “P”) during the fall of 2014.

Numerator: Of those in the denominator, the number of students earning a grade of “C” or better in at least one credit-bearing English course (not including the lab record) during their first two academic years (through the end of the summer 2016 term).

Note: See appendix for first-time fall cohort definition.

### **Data Sources**

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse (NSC)

**Excellence level: 55.9%**

### **3. Student Success Rate in College-Level Math Courses**

#### **Purpose**

To ensure students are successfully completing credit-bearing Math courses within their first two academic years.

#### **Description**

Percentage of first-time Associate Degree seeking and transfer pathway students passing a credit-bearing Math course with a “C” or better within two years of their first term of enrollment.

#### **Calculation**

Denominator: First-time fall 2014 curriculum students who are enrolled in an associate degree program or a transfer pathway program (i.e., their curriculum code begins with an “A” or “P”) during the fall of 2014.

Numerator: Of those in the denominator, the number earning a grade of “C” or better in at least one credit-bearing Math course (not including the lab record) within their first two academic years (through the end of the summer 2016 term).

*Note: See appendix for first-time fall cohort definition*

## 4. First-Year Progression

### Purpose

To ensure first-year students reach an academic momentum point that helps predict future credential completion.

### Description

Percentage of first-time fall curriculum students attempting at least 12 credit hours who successfully complete at least 12 hours within their first academic year (fall, spring, summer).

### Calculation

Denominator: First-time fall 2015 curriculum students attempting at least 12 hours during the 2016 academic year (fall 2015, spring 2016, summer 2016). Hours attempted are calculated for all courses (including developmental and course withdraws) in which the student earned a standard letter grade of A, B, C, D, F, P or W. Hours attempted do not include courses in which the student earned a standard letter grade of AU (Audit), CE (Credit by Exam), I or IP (Incomplete), O (Other), or U (Unknown).

Numerator: Of those in the denominator, the number who complete at least 12 hours (including developmental courses) with a standard letter grade of A, B, C, or P, within their first academic year.

*Note: See appendix for new first-time fall cohort definition.*

## 5. Curriculum Completion

### Purpose

To ensure student completion and/or persistence toward a post-secondary credential.

### Description

Percentage of first-time fall curriculum students who, within six years of first term of enrollment, have either graduated, transferred, or are still enrolled with at least 36 non-developmental credit hours.

### Calculation

Denominator: First-time fall 2010 curriculum students.

Numerator: Of those in the denominator, the number who graduate, transfer to a four-year institution, or are still enrolled but have completed 36 non-developmental credit hours before the end of the 6<sup>th</sup> fall term (Fall 2016) following their first term of enrollment.

*Note: See appendix for new first-time fall cohort definition.*

### Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse (NSC)

### Additional Details

Denominator: First-time fall curriculum students

Numerator: Of those in the denominator, number of students who achieve at least one of the following:

*Graduation:* Has earned an Associate's Degree, Diploma, or Certificate from a North Carolina Community College before the end of the 6<sup>th</sup> fall term following their first term of enrollment.

*Transfer:* Has an enrollment record at a four-year college in the NSC database at any point through the end of the 6<sup>th</sup> fall term following their first term of enrollment.

*Persistence:* Has an enrollment record at any North Carolina Community College during the 6<sup>th</sup> fall term following their first term of enrollment and has successfully completed at least 36 non-developmental credits prior to that semester. Successful credit completion is counted for any course in which the student has earned a standard letter grade of A, B, C or P.

## 6. Licensure and Certification Passing Rate

### Purpose

To ensure programmatic coursework prepares students to competently practice in their chosen profession.

### Description

Aggregate institutional passing rate of first-time test-takers on licensure and certification exams. Exams included in this measure are state mandated exams which candidates must pass before becoming active practitioners.

### Calculation

Denominator: All licensure and certification exams taken for the first-time during the licensure agency's most recent reporting year. Only includes state mandated exams which candidates must pass before becoming active practitioners.

Numerator: Of those in the denominator, the number passing the exam on their first attempt during the licensure agency's most recent reporting year.

### Data Sources

#### JULY – JUNE RESULTS

**American Registry of Radiologic Technologists**

*Nuclear Medicine Technology Exam  
Radiation Therapy Exam  
Radiography Exam*

**Federal Aviation Administration**

*Airframe Exam  
General Exam  
Power Plant Exam*

**NC Board of Massage & Bodywork Therapy**

*Massage & Body Work Therapist*

**NC Board of Opticians**

*Opticianry Exam*

**NC Real Estate Commission**

*Provisional Real Estate Broker*

#### JANUARY – DECEMBER RESULTS

**Council of Interstate Testing**

*Dental Hygiene Exam*

**NC Board of Cosmetic Art Examiners**

*Apprentice Exam  
Cosmetology Exam  
Cosmetology Instructor Exam  
Esthetician Exam  
Manicurist Exam*

**NC Board of Nursing**

*Practical Nursing Exam  
Registered Nursing Exam*

**NC Board of Physical Therapy Examiners**

*Physical Therapist Assistant Exam*

#### JANUARY – DECEMBER RESULTS

**NC Department of Justice, Criminal Justice Standards Division**

*Basic Law Enforcement Training (BLET) Exam*

**NC Department of Justice Sheriff's Standards Division**

*Detention Officer*

**NC Office of Emergency Medical Services**

*EMT Exam  
EMTI-I Exam  
EMT-P Exam*

**NC Veterinary Medical Board**

*Veterinary Medicine Technology Exam*

### Additional Details

The number of first-time test-takers and passers were provided to the System Office by agencies issuing the license or certification and were validated by the colleges. Depending on the exam, data may be provided on a fiscal or calendar year. Exams are listed above in *italics*.

## 7. College Transfer Performance

### Purpose

To ensure the academic success of community college students who transfer to a four-year college or university.

### Description

The percentage of students who exited NCCCS after having completed an Associate Degree and/or least 30 cumulative hours of articulated transfer credits and subsequently transferred to a four-year college or university and earned a GPA of 2.25 or better after two consecutive semesters within the academic year at the institution.

### Calculation

Denominator: Students who exited the NCCCS system during the 2014-2015 academic year (Fall 14, Spring 15, or Summer 15) with an Associate Degree and/or at least 30 cumulative hours of articulated transfer credits and subsequently enrolled in a North Carolina four-year college or university during the fall of 2015 and spring of 2016.

Numerator: Of those in the denominator, the number earning a GPA of 2.25 or better aggregated over the fall and spring semesters at the transfer institution.

### Data Sources

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse (NSC)

UNC-General Administration (UNC-GA)

Participating NC independent colleges and universities: Barton College; Belmont Abbey College; Bennett College; Brevard College; Cabarrus College of Health Sciences; Campbell University; Catawba College; Chowan University; Elon University; Gardner-Webb University; Greensboro College; Guilford College; High Point University; Lees-McRae College; Livingstone College; Mars Hill University; Methodist University; Montreat College; N.C. Wesleyan College; Pfeiffer University; Queens University of Charlotte; Salem College; Shaw University; University of Mount Olive; William Peace University

### Additional Details

UNC-GA matched the records of NCCCS students who exited NCCCS in 2014-2015 with an Associate Degree and/or at least 30 cumulative hours of articulated college transfer credits against subsequent fall 2015 and spring 2016 UNC system student records to determine transfer enrollment at a North Carolina public university and first year academic performance. UNC-GA provided aggregate totals of transfer students who did or did not attain a GPA greater than or equal to 2.25 in their first academic year.

Additional lists of students based on NSC data matches were sent to participating independent colleges and universities. These colleges and universities matched and returned files identifying whether students on their list attained a GPA greater than or equal to 2.25 in their first academic year at that college or university. Data from these sources were combined to determine the overall percentage of college transfers with a GPA exceeding the success threshold after two semesters.

**Excellence level: 87.6%**

**Baseline level: 65.1%**

Note: 10-11, 11-12, and 12-13 is UNC Only; 13-14 GPA ≥ 2.25 includes independent transfers with GPA ≥ 2.00

## **Appendix**

### **Additional Performance Measure Descriptions and Tables**

## **FIRST-TIME FALL COHORT DESCRIPTION**

First-time cohorts are fall credential seeking and dual enrollment (Career and College Promise) students enrolled in curriculum courses at a North Carolina Community College for the first-time.

Fall first-time students are identified based on the following criteria:

- Fall semester is first curriculum enrollment term (at any North Carolina Community College)
- First term curriculum code is not Basic Skills Plus (T90950) or Special Credit (T90990)
- No previous post-secondary enrollment as verified from the National Student Clearinghouse before the start date of the fall semester (August 15)

The fall first-time cohorts are used in the following measures:

2. Student Success Rate in College-Level English Courses\*
3. Student Success Rate in College-Level Math Courses\*
4. First-Year Progression
5. Curriculum Completion

\* Cohorts are further narrowed down for measures 2 and 3. For specifics, see measure details.

### **Data Sources**

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

National Student Clearinghouse (NSC)

### **Additional Details**

- Identify student's first NCCCS registration term since fall 2001 (Note: Fall 2001 is the first semester student level data is accessible at the System Office)
- Students with a first registration term that is earlier than fall 2001 are excluded from the cohort because their registration records cannot be verified by the System Office
- Students with a curriculum code of Basic Skills Plus (T90950) or Special Credit (T90990) in their first registration term are excluded from the cohort
- Remaining students are sent to the NSC to check for prior enrollment based upon the first semester the student is registered at NCCCS
- Students identified with post-secondary enrollment in the NSC prior to first NCCCS registration term are removed from the cohort
- Of those who remain, the first NCCCS registration term is assigned as the student's first-time cohort
- Those assigned to a fall cohort are tracked to calculate various performance measure success rates
