

**The VFA is the principle accountability framework for community colleges with measures defined to encompass the full breadth of the community college mission and the diversity of students' goals and educational experiences. The mission-appropriate measures determine how well community colleges are serving students; provide colleges the ability to identify problems and set goals for institutional improvement; and be properly accountable to stakeholders.**

Wayne Community College (Goldsboro, NC)

VFA Data Collection Cycle 2020

### **What's in the *Career & Technical Education (CTE) Report***

#### **- CTE Profile**

- CTE Enrollment (credit and non-credit); change over previous year
- CTE Completions (credit and non-credit); change over previous year

#### **- CTE Cohort and Measures (2016-17)**

Reports on the post-collegiate outcomes of students that completed credit or non-credit CTE, or had a significant CTE experience at the college

- Completed CTE certificate or degree
- Employed (with wage bands)
- Median wage growth of CTE students post CTE
- Enrolled post-CTE in higher education
- Passed licensure exam
- Completed industry credential(s)

These data represent the college's CREDIT and NON-CREDIT CTE enrollment and completions for the: 2016-17 and 2017-18. CREDIT CTE completions, are sourced from IPEDs.

Of the 331 students in the CTE Non-Credit Cohort, 12 students transitioned to Credit courses at the college.

#### CTE Completer/Leaver Cohort

The CTE Cohort is made up of students that took CTE at the college (credit or non-credit CTE) and either earned a formal award in CTE [completers] or left the college with a significant CTE experience – having earned 7 CTE credits or having received 180 contact hours of CTE instruction [leavers].

#### About CTE Outcomes

For the CTE Completer/Leaver Cohort, the VFA then reports these students' outcomes after the CTE experience (post-collegiate).

# Wayne Community College (Goldsboro, NC)

## Career & Technical Education Cohort (CTE Students Completed/Left in 2016-17)

These data represent students that took CREDIT CTE at the college, exited the college in the 2016-17 academic year, and their outcomes upon exiting the college with a CTE credential or a significant CTE experience (earned 7 CTE credit hours or received 180 contact hours of CTE instruction).

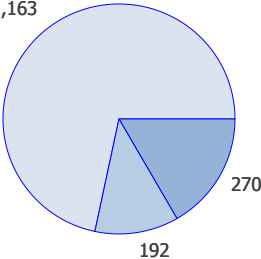

At present, the VFA provides graphical data for the CREDIT CTE measures but not for the NON-CREDIT CTE measures. The variances in how colleges track NON-CREDIT CTE and the lack of data available on NON-CREDIT CTE are challenges for many colleges. Therefore there is not enough NON-CREDIT CTE data to display appropriately using graphics.
