

ASSOCIATE in GENERAL EDUCATION - NURSING

START HERE, GO ANYWHERE!

The **Associate in General Education (AGE) - Nursing** is designed for students who wish to begin their study toward the Associate in Nursing degree and a Baccalaureate degree in Nursing. The AGE-Nursing program is to prepare students to enter one of the limited admission health science fields. Students may be placed into the AGE-Nursing program until they are admitted into their intended major: Associate Degree Nursing or Practical Nursing.

A student who completes an Associate in Applied Science (AAS) in Nursing with a GPA of at least 2.0 and a grade of C or better in the AGE-Nursing courses and who holds a current unrestricted license as a Registered Nurse in North Carolina will have fulfilled the UNC institutions lower-division general education requirements as well as nursing program entry requirements. *However, because nursing program admissions are competitive, no student is guaranteed admission to the program of his or her choice.*

Electives: Must be selected from the Transfer Course List in the Comprehensive Articulation Agreement which is located at ncccommunitycolleges.edu/academic-programs/college-transferarticulationagreements/comprehensive-articulation-agreement-caa. Suggested electives include foreign language, speech, culture, and computer science.

Note: Individual UNC RN to BSN nursing programs may require a maximum of two courses totaling no more than six credits to meet school specific degree requirements that are not a part of the RN to BSN Articulation Agreement. In no case will these additional requirements necessitate completing more than 128 credits in order to earn a BSN. Each UNC RN to BSN institution will develop, publish, and maintain on their website a RN to BSN degree plan that identifies specific degree requirements that are not part of the RN to BSN AA.

For additional information about Blocks 4 and 5 (which contain nursing courses) of the Five Block Degree Plan located within the Uniform Articulation Agreement between the University of North Carolina RN to BSN please visit: ncccommunitycolleges.edu/academic-programs/college-transferarticulationagreements/uniform-articulation-agreement-rn-bsn.

THIS SHEET IS FOR ADVISING PURPOSES ONLY.

Students should work with their Advisor to determine the best course selection which will result in the greatest number of transferable credits to a four year institution of their choice. By the second year students should have an idea where they are transferring and therefore should select General Education and Elective courses based off what the four-year institution requires. **Outline is based upon no pre-requisites classes required.**

*The following courses or equivalents will be considered for points towards the WCC Associate Degree Nursing program.

Note: Always reference the current Associate Degree Nursing admission packet to see about minimum prerequisite requirements.
