1	The Arts & Sciences Division will continue implementing the OnPoint Student Success Based Advising Initiative.	OnPoint is now in it’s 4th whole year. With the exception of new faculty hired this academic year, 100% of faculty have taught at least one ACA 122 section and advised those students for three semesters or until they have a 2.6 GPA
2	The Arts & Sciences Division will implement Aviso Retention Software during the Fall 2017 semester.	As part of OnPoint, the Arts & Sciences Division has continued using Aviso Retention Software. However, beginning last summer, the college began implementing Self-Service through Webadvisor. At this point, Aviso duplicates the academic planning piece of Self-Service which we are required to use as our registration infrastructure. Aviso is still utilized for early alerts and texting students - both of which Self-Service does not have.

The Associate in General Education Nursing degree is specifically for students seeking entry into either allied health program or limited admission program such as nursing and dental. Students who are not accepted into their desired programs often leave WCC to pursue those programs at other institutions. All AGEN students have an assigned advisor and achievement coach.

Provide narrative for analysis of program retention standard/target (As a result of the data analysis, indicate changes to the standard or target. Did you meet your standard/target? If you met your standard/target, what percentage would you like to increase your standard/target?)

No changes are necessary at this time.
