

EMS Certification

Wayne Community College's EMS Public Safety program generally prepares students for certification in North Carolina in accord with standards from the NC Office of EMS. WCC EMT students are prepared to sit for the NC state credential exam AND / OR the National Registry credential exam. WCC Paramedic students are prepared to sit for the NC state credential exam. The WCC EMS program is not intended to specifically meet standards of any state other than NC, but states accepting National Registry credentials may accept the WCC EMS program education. Check with the state you are interested in having credentials to assure reciprocity.
