

MEDICAL LABORATORY TECHNOLOGY

Spring Semester 2019 Admission Policies and Procedures

This application can be accessed at: http://www.waynecc.edu/wp-content/uploads/mlt.pdf

This information supersedes all previously published information.

Apply September 1, 2018 – November 8, 2018 for earliest consideration.

Applications received after November 8, 2018 will be considered on a monthly basis.

Applicants may apply for only one limited admissions health occupations program per semester.

It is the policy of Wayne Community College that all persons have equal opportunity and access to its educational programs, services, activities, and facilities without regard to race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation, disability or status as a veteran. WCC is an Affirmative Action institution. This material may be available in alternative formats.

Wayne Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, 404-679-4500, http://www.sacscoc.org for questions about the accreditation of Wayne Community College. Inquiries about Wayne Community College, such as admission requirements, financial aid, educational programs, etc. should be addressed directly to Wayne Community College and not the Commission's office.

The Commission on Colleges may be contacted only if there is evidence that Wayne Community College is significantly non-compliant with a requirement or standard. Accreditation standards are located at: http://www.sacscoc.org/principles.asp

The purpose for publishing the Commission's access and contact numbers is to enable interested constituents (1) to learn about the accreditation status of the institution, (2) to file a third-party comment at the time of the institution's decennial review, or (3) to file a complaint against the institution for alleged non-compliance with a standard or requirement.

Inquiries about Wayne Community College, such as admission requirements, financial aid, educational programs, etc. should be addressed directly to Wayne Community College and not the Commission's office.

Student Right-to-Know: Information regarding the persistence rate of enrolled students toward graduation and transfer-out-rate is available in the Office of Admissions and Records. Student rights under FERPA are available at ed.gov/policy/gen/guid/fpco/ferpa/index.html or in the Office of Admissions and Records and in the Office of Counseling Services.

For more information about our graduation rates, the median debt of students who completed a program, and other important information, please visit our Web site at: waynecc.edu/gainful-employment/.

Wayne Community College is a tobacco-free institution.

MEDICAL LABORATORY TECHNOLOGY SPRING 2019 ADMISSIONS POLICIES AND PROCEDURES

INFORMATION IN THIS PACKET SUPERCEDES ALL PREVIOUSLY PUBLISHED INFORMATION

Thank you for your interest in the Medical Laboratory Technology program (MLT). The MLT program, a full-time curriculum program, prepares individuals to perform clinical laboratory procedures in chemistry, hematology, microbiology, and immunohematology that may be used in the maintenance of health and diagnosis/treatment of disease. Course work emphasizes mathematical and scientific concepts related to specimen collection, laboratory testing and procedures, quality assurance, and reporting/recording and interpreting findings involving tissues, blood, and body fluids. Graduates may be eligible to take the examination given by the Board of Certification of the American Society for Clinical Pathology. Employment opportunities include laboratories in hospitals, medical offices, industry, and research facilities.

We will begin accepting applications for the Medical Laboratory Technology (MLT) program starting **September 1, 2018**. Admission to the Medical Laboratory Technology program is a competitive process based on highest point count. Students interested in enrolling in the Medical Laboratory Technology program for Spring 2019 must submit a completed application, submit all transcripts and/or letters verifying non-attendance, and complete an official interview by **November 8, 2018 by 4 p.m.** for consideration at the first meeting of the Admissions Committee.

Applicants completing all requirements after the November 8th deadline will be considered by the Admissions Committee at subsequent meetings until the program is filled. Students applying for readmission to the MLT program or students requesting a transfer from another nationally accredited MLT program may begin the application process at any time. The application process must be complete before the start of the semester of desired time of re-entry or transfer. If you have questions or concerns, please call the Office of Student Development/Counseling Services at 919-735-5151, ext 6732 or the Office of Admissions and Records at ext. 6726.

Please use the following checklist to ensure you complete the admissions requirements.

Submit an application for Medical Laboratory Technology and Letter of Understanding to the Office of Admissions and Records. A faxed application and Letter of Understanding will not be accepted.

Note: If you are planning to take the general education requirements for Medical Laboratory Technology in a semester prior to Spring 2019, also submit a general application to the college for Associate in Arts to the Office of Admissions and Records.

2. Request that an official high school transcript or equivalent and ALL college transcripts be sent to the Office of Admissions and Records. These transcripts must be requested by you from your former schools, colleges and/or universities and must be received by WCC before the application deadline in order to complete

to be sent directly from the testing company.

your application. (**Note:** An official transcript is one that is sent by one school, college or university to another. The official transcript has the school's seal and the appropriate signature. **A faxed copy is not considered to be an "official" transcript).** If you are enrolled in the Summer 2018 semester, you will need to send an updated transcript by the November 8th deadline. If you have any Advanced Placement (AP), CLEP or DANTES credit, you must request the scores

It is the applicant's responsibility to make sure that all transcripts are up to date and on file with the Admissions Office by the published deadline. Failure to submit all transcripts to the Admissions Office by the published deadline will result in removal of the application from consideration or the applicant's dismissal from the program.

<u>The National Student Clearinghouse is used to verify students' prior enrollment.</u>

NOTE: Students with foreign transcripts must complete at least eight (8) semester hours of college credit (**not including pre-curriculum courses**) from an American regional accrediting agency. Of these eight (8) semester hours, there must be at least three (3) hours of life science, biology or chemistry. **No transfer credit will be accepted from institutions not accredited by an American regional accrediting agency.**

3. Take the placement tests (Accuplacer/CPT, ASSET, COMPASS, NC DAP and Computer Skills) and meet the required minimum scores necessary for the Medical Laboratory Technology program or submit official SAT or ACT scores or complete the listed course substitutions. Test scores must be within five (5) years of the program start date (January 2019). Accuplacer/CPT, ASSET, COMPASS, NC DAP, and Computer Skills placement tests taken before January 2014 must be retaken for a program starting January 2019. Official placement scores can be sent from another school. (Note: Official placement scores are ones that are sent by one school, college or university to another. Official placement scores are sent in a sealed envelope. A faxed copy is not considered to be "official" placement scores). Minimum scores on the ACT or SAT or minimum scores on the placement tests are listed below.

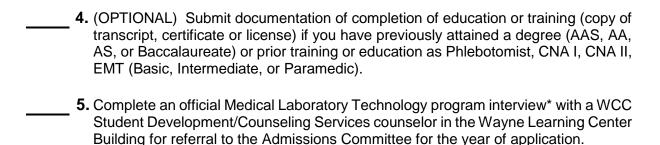

Accuplacer/CPT Reading 80* Writing 86* Arithmetic 55**	ASSET Reading 41* Writing 41* Numerical 41**		31* DRE '0* DMA 01	151* 0 7** 0 7**
SAT(January 2016 and Critical Reading 500° Writing 500° Mathematics 500°	Reading/Wr Mathematic		ACT Reading English Math	22* 18* 22**
Computer Skills Computer 78*** Multiple Measures can be used to meet minimum requirements.				

Scores with an asterisk can be met with course work.

- * Placement requirements in Reading and Writing may be met by completion of ENG 111 (or college level equivalent) with a grade of <u>C</u> or better. An AP English score of 3 or higher will satisfy the Reading and Writing placement test scores.
- ** Placement requirement in Pre-Algebra may be met by completion of MAT 060 or MAT 070 or higher (or college level equivalent with a grade of <u>C</u> or better **OR** DMA 010, 020, and 030 with a grade of P **OR** DMA 025 with a grade of P.
- *** Placement requirement in Computer Skills may be met by completion of CIS 070 or CTS 080 (or college equivalent) with a grade of P.

Students may also use Multiple Measures Placement to meet these requirements. For more information about Multiple Measures you may contact the Admissions Office at 919-739-6720 or visit our website here: https://www.waynecc.edu/wp-content/uploads/2016/10/multiple-measures policy_revised-8-16.pdf

Please plan ahead as Allied Health applicants are not permitted to take placement tests on the application deadline date.

*You will know your interview is <u>official</u> if your pink copy of the Student Admission Report (SAR) has a check beside "Yes" under "Refer to Allied Health Admissions Department."

Note: Please do not submit unsolicited information such as personal recommendations or references. These materials will not be used in the application process.

When the admission process is completed, the applicant's record will be reviewed by the WCC Admissions Committee at regularly scheduled meetings until the program is filled.

IMPORTANT!! Applicants completing all requirements after the initial November 8th deadline will be considered by the Admissions Committee at regularly scheduled meetings until the program is filled.

STUDENT MEDICAL FORM

Applicants must submit the completed **Student Medical Form** (with documentation of the required immunizations). Student Medical Forms will be provided by Wayne Community College after your conditional acceptance to the Medical Laboratory Technology program.

CRIMINAL BACKGROUND CHECK and DRUG SCREENING

Affiliating health care agencies with which the college has contracted to provide clinical experiences for Medical Laboratory Technology students require students to submit to criminal background checks and drug testing prior to and during participation in clinical experiences at the site. The results of the background check and drug screen may determine if a student is eligible to enter clinical agencies. Students are responsible for the cost of the background check and drug screen.

- Applicants should be aware that a student must be able to enter and/or remain in all clinical agencies to
 progress within the program. If a clinical site denies a student placement in their facility, the student
 would be unable to complete the required clinical component of the course. The student will be withdrawn
 from all MLT courses and will not be allowed to progress in the program.
- 2. Currently the Medical Laboratory Technology program uses an online vendor for background checks and drug screening. Information on how to complete the process is included with the letter of acceptance to the program.
- 3. The background check and drug screening must be completed by the specified date prior to the start of clinical assignment. Students will repeat background check and drug screen while enrolled in the program at a time specified by the program director. Students are responsible for the cost. Failure to complete at specified time will result in dismissal from the program.

Wayne Community College encourages persons with disabilities to participate in its programs and activities. If you anticipate needing accommodation or have questions about access, please contact the Disability Services Counselor at 919-739-9729. Please allow sufficient time to arrange accommodation.

Wayne Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1886 Southern Lane, Decatur, Georgia 30033-4097, 404-879-4500, http://www.sacscoc.org for questions about the accreditation of Wayne Community College.

Student Right-to-Know: Information regarding the persistence rate of enrolled students toward graduation and transfer-out-rate is available in the Office of Admissions and Records. Student rights under FERPA are available at ed.gov/policy/gen/guid/fpco/ferpa/index.html or in the Office of Admissions and Records and in the Office of Counseling Services

Readmission and/or Transfer Policy

The learning experiences in the MLT program require that courses be taught in a sequence that does not allow for courses to be offered more than one time per year. Students requesting readmission/transfer will not be able to re-enter until the semester the required course(s) is/are offered.

Readmission/transfer will be awarded on a space available basis. A student is allowed one (1) readmission.

When more candidates apply for readmission than spaces available, the applicants will be ranked according to the following:

- 1. Overall grade point average and grade point average in the science courses
- 2. Grades from completed course work in the MLT curriculum.
- 3. Prior education or training.

A student requesting readmission must:

- 1. Have completed MLT110 Intro to MLT with a "C" or above
- 2. Complete the admission process before the start of the semester of desired time of re-entry.
- 3. Satisfy all current admission requirements of the MLT program including interview with WCC Student Development/Counseling Services counselor.
- 4. Complete interview with MLT Program Director to review additional requirements. Readmission will be awarded on a space available basis.

A student requesting transfer must:

- 1. Have completed MLT110 Intro to MLT with a "C" or above from a nationally accredited Medical Laboratory Technology program.
- 2. Complete the admission process before the start of the semester of desired time of transfer.
- 3. Satisfy all current admission requirements of the MLT program including interview with WCC Student Development/Counseling Services counselor.
- 4. Complete interview with MLT Program Director to review additional requirements. Admission of transfer students will be awarded on a space available basis.

RANKING PROCESS

The following criteria are used to select members of the entering Medical Laboratory Technology class at Wayne Community College:

When all requirements have been met, qualified applicants are ranked using a point system. As this is a selective enrollment program, it is in the student's best interest to achieve as many ranking points as possible. The components of the ranking system include the following:

GRADE POINT AVERAGE:

COLLEGE OVERALL GPA:

If the applicant has eight (8) or more semester hours of college courses completed (not including precurriculum courses and ACA 111), the college grade point average will be considered. **All** college courses (not including pre-curriculum courses and ACA 111) will be used in computing the college overall GPA.

COLLEGE SCIENCE GPA:

If the applicant has a biology, chemistry or physics course as part of the above mentioned eight (8) or more semester hours of college courses completed, the college science GPA will be considered. All biology, chemistry or physics courses (not including pre-curriculum courses) will be used in computing the college science GPA.

HIGH SCHOOL GPA:

If the applicant has no college course work completed or an amount less than eight (8) semester hours completed, the weighted high school science GPA will be considered. The weighted high school science GPA will be used if the student has not completed any college level science classes (not including precurriculum courses). High school science is defined as biology, chemistry, physics, and physical science.

GED TEST:

If the applicant has completed the GED and has less than eight (8) hours of college course work completed (not including pre-curriculum courses and ACA 111), the GED overall score and the GED science score will be considered.

GRADE(S) FROM COMPLETED COLLEGE COURSE WORK: Points may be earned for completion of the following courses (or their college equivalents). Total points are awarded for specific courses completed by the deadline.

BIO 163	Basic Anatomy and Physiology (or BIO 168 & 169)
CHM 130	General, Organic, and Biochemistry
CHM 130A	General, Organic, and Biochemistry Lab
ENG 111	Expository Writing
ENG 114	Professional Research and Reporting
PSY 150	General Psychology
MAT 110	Mathematical Measurement

PRIOR EDUCATION or TRAINING: Points may be earned for the completion of previous education or training: AAS, AA, AS, Baccalaureate or higher degree OR prior education/training (documented by copy of transcript, certificate or license) as a Phlebotomist, Nursing Assistant I or II, or EMT (Basic, Intermediate, or Paramedic) or completion of a certificate (documented by copy of certificate) listed in Health Sciences in NCCCS Education Guide (http://www.nccommunitycolleges.edu/sites/default/files/basic-pages/academic-programs/attachments/education catalog 04aug2018.pdf).

NOTE: Related Education is not a requirement for admission to the program. Appropriate documentation must be submitted for points to be awarded. (continued on the next page)

Total points for Grade Point Average, Grade(s) From Completed College Course Work and Completion of Prior Education or Training will determine the total score. Students with the highest point total will be accepted. Alternates will only be accepted if a student originally accepted, declines their seat. Applicants not admitted to the program must re-apply if they wish to be considered for the following year's class.

MEDICAL LABORATORY TECHNOLOGY ADMISSION RATING TOOL

Enclosed in this packet of information is the Admission Rating Tool used by the Medical Laboratory Technology program staff, counselor, and the Admissions Committee to select applicants for the Medical Laboratory Technology program. A point count tool was developed as an objective means of evaluating applicants. (See next page.) It is the total rating score that is used in the selection process.

This tool was developed as an objective means of evaluating applicants. Criteria used to select applicants for admission to the Wayne Community College Medical Laboratory Technology program are: (Part I) Placement Test Scores or Course Equivalent – ENG 111, DMA 010-030, and CIS 070 or CTS 080 with a \underline{C} or better (No admission points are awarded for this section), (Part II) Grade(s) From Completed College Course Work, and (Part III) Completion of Prior Education or Training.

Your admission rating is confidential information. At no time and with no exceptions will your admission rating be discussed with anyone other than yourself. **PLEASE DO NOT CALL TO INQUIRE ABOUT YOUR POINT COUNT**. There will be no discussion of point count totals by phone.

MEDICAL LABORATORY TECHNOLOGY

Official Program Description registered with the N.C. Department of Community Colleges:

The Medical Laboratory Technology curriculum prepares individuals to perform clinical laboratory procedures in chemistry, hematology, microbiology, and immunohematology that may be used in the maintenance of health and diagnosis/treatment of disease.

Course work emphasizes mathematical and scientific concepts related to specimen collection, laboratory testing and procedures, quality assurance, and reporting/recording and interpreting findings involving tissues, blood, and body fluids.

Graduates may be eligible to take the examination given by the Board of Certification of the American Society for Clinical Pathology. Employment opportunities include laboratories in hospitals, medical offices, industry, and research facilities.

Student Success and Retention

Student retention and success are a priority at Wayne Community College. Obstacles to success may include the academic rigor of the program, extracurricular demands or dissatisfaction with your choice of this career path. Job shadowing should be strongly considered so that you are keenly aware of the professional responsibilities and duties associated with your career choice. Extracurricular demands such as full time work schedules may also need to be reduced in order to allow the necessary study time required to be successful. A good support system is also important if you are involved in other extracurricular demands such as providing care for children or elders.

WAYNE COMMUNITY COLLEGE MEDICAL LABORATORY TECHNOLOGY TECHNICAL STANDARDS

All students in the Medical Laboratory Technology (MLT) Program are expected to perform assigned skills, class assignments, and clinical activities at the same level, with or without accommodations. It is the responsibility of the applicant/student to read the technical standards carefully and to ask for clarification of any standard that is not understood.

Wayne Community College complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Therefore, any disability affecting an applicant's ability to comply with these technical standards must be evaluated by the Disability Services Counselor in conjunction with the MLT program director and health care provider(s) (if appropriate) for an applicant/student with a disability who is otherwise qualified. Demonstration of one or more technical standards may be required. Students with a disability should see the Disability Services Counselor in the Student Development/Counseling Services Office.

The following skills/abilities include those cognitive, physical, and behavioral standards required for successful completion of the curriculum.

Standard	Examples of Necessary Behaviors (not all inclusive)
Interpersonal Abilities sufficient to interact with coworkers, patients, families, and individuals from a variety of social, emotional, cultural and intellectual backgrounds.	Establish rapport with clients, families and colleagues.
Communication Abilities sufficient for interaction with others in verbal and written form.	Collect and document data. Explain treatment procedures. Obtain and disseminate information relevant to laboratory testing, patient care and work duties. Transmit information clearly, accurately, and efficiently.
Critical Thinking Ability sufficient for clinical judgment.	Identify cause and effect relationship in actual and simulated clinical situations and analyze data. Apply knowledge from class, laboratory and clinical areas. Utilize basic mathematical skills.
Physical Abilities sufficient to maneuver in small spaces, and reach or lift needed equipment/supplies.	Move around and within a patient's room, treatment area or lab. Administer CPR. Be able to reach laboratory benchtops and shelves. Be able to access patients in beds or seated in specimen collection chairs.
Gross and Fine Motor Abilities sufficient to provide safe and effective patient care and perform laboratory.	Move, calibrate, manipulate, pass equipment and supplies including sharp instruments. Position mobile and immobile clients. Perform a variety of laboratory techniques to include (but not limited to): Manipulation of a variety of types of pipettes, microscopes, specimen inoculation techniques, phlebotomy equipment, instrumentation, glass slides, and computer keyboard.
Auditory Ability sufficient to monitor and assess health needs.	Hear patients' cries of distress, sound of instruments and equipment being properly utilized, recognize alarms, monitor vital signs.
Visual Ability sufficient for physical assessment, performance of medical laboratory procedures and maintenance of environmental safety.	Observe client responses such as skin color and facial expression. Monitor vital signs. Read records. Observe color involved in specimen testing. Competently utilize a microscope to discern fine

	differences in structure, color, and agglutination. Possess depth perception sufficient to perform precise laboratory procedures involving small volumes and small objects.
Tactile Ability sufficient for assessment, and performance of medical laboratory procedures	Perform palpation techniques (venipuncture). Manipulate small objects. Sense changes in temperature.
Emotional Stability and Mental Alertness in performing in the medical laboratory role.	Maintain a calm and efficient manner in high stress/pressure situations with patients, staff, supervisors and colleagues.
Olfactory Ability sufficient to perform medical laboratory tech. procedures.	Distinguish liquids and chemicals.

WAYNE COMMUNITY COLLEGE COMMUNICABLE DISEASE POLICY OF STUDENTS

Wayne Community College is committed to assuring that all necessary training and precautions are taken with regard to communicable diseases. The Biohazard Exposure Control Plan and the Pandemic Preparedness Plan of Wayne Community College reflect our efforts to ensure the good health and safety of all employees and students. The College adopts this communicable disease policy for students in an effort to control communicable diseases and the threat of pandemics on campus based upon established rules and regulations of the N.C. Division of Health Services. Employees and employees of contractors or contracted services infected with a communicable disease have the responsibility of reporting this fact to the Director of Human Resources. Students infected with a communicable disease have the responsibility of reporting this fact to the Associate Vice President of Academic and Student Services or the Vice President of Continuing Education, as appropriate.

Communicable disease is an illness resulting from an infectious agent or its toxic products being transmitted directly or indirectly to a person from an infected person or animal through the agency of an intermediate animal, host, or vector, or through the inanimate environment. [N.C.G.S. 130A-2(1c)] Communicable Disease shall include, but is not limited to: Chickenpox, influenza, Infectious Mononucleosis, Conjunctivitis, Hepatitis A, B & D, Acquired Immune Deficiency Syndrome (AIDS), Aids-related complex (ARC), positive HIV antibody status, Influenza, Measles, Meningitis, Tuberculosis, Whooping Cough, and sexually transmitted diseases.(N.C.G.S. 130A)

Persons who are infected with a communicable disease are expected to seek expert medical advice and are encouraged to advise local health authorities. Local health authorities should offer counseling to these persons about measures that can be taken to prevent the spread of infection and to protect their own health.

Persons who know, or have a reasonable basis for believing, that they are infected with a communicable disease have an ethical and legal obligation to behave in accordance with such knowledge to protect themselves and others. Medical information relating to the communicable disease of a student or employee will be disclosed to responsible college officials only on a strictly limited need-to-know basis. No person, group, agency, insurer, employer, or institution should be provided any medical information without the prior specific written consent of a student unless required by state and/or federal law. Furthermore, all medical information relating to the communicable diseases of students and employees will be kept confidential, according to state and federal law, including the Family Education Rights and Privacy Act.

If a student reports a communicable disease condition, the student may be excluded from the institution until an appropriate evaluation of the student's medical condition can be made. The evaluation may be made by a physician or a health department official and testing may be required if appropriate. Students in any Allied Health program may have additional requirements, as specified in each program's student handbook; therefore, these students should report all suspected communicable diseases.

The final determination of student's ability to remain in school will be made by the Vice President or Associate Vice President based upon professional medical evaluation results and recommendations. If a student is found to have a communicable disease, then the attendance of the student on campus or at any College activity will be prohibited until a satisfactory letter or certificate is obtained from one or more licensed physicians or public health officials stating that the student is not a health risk to employees and other students at the College.

The College's Biohazard Control Plan defines guidelines that will be followed in the event of an accidental exposure to bodily fluids or biohazards. Any such exposure should be reported immediately to the responsible faculty or staff person associated with the WCC activity involving such exposure and to the Student Activities Coordinator and an incident report must be completed.

- * Tuition is based on the 2018 2019 school year tuition rates. This is subject to change.
- ** Cost of books is constantly changing. Costs vary, according to number of courses taken each semester. Approximate cost provided applies only to MLT classes.
- *** Costs vary, depending on health care provider and insurance coverage.

Note: Also consider the cost of gas and the need for reliable transportation as students are assigned to out-of-county hospitals for clinical practice.

WAYNE COMMUNITY COLLEGE INFORMATION RELATING TO NORTH CAROLINA RESIDENCE FOR TUITION PURPOSES

North Carolina law (G.S. 116-143.1) requires that "To qualify as a resident for tuition purposes, a person must have established legal residence (domicile) in North Carolina and maintained that legal residence for at least 12 months immediately prior to his or her classification as a resident for tuition purposes." The information requested on this form must be supplied by every applicant for admission to WCC. This information is to be used only in connection with determination of your residence status for tuition purposes.

The law requires that every student admitted to the college be classified for the term admitted as either a resident or non-resident for tuition purposes, prior to enrollment. To be classified a resident for tuition purposes, you must furnish such evidence as the college may require to enable it to make such classification. Failure to provide all information requested will result in classification as a non-resident for tuition purposes.
